

Reminder for new item names of TAIYO YUDEN' s Capacitors.

~~(Newly added a code representing dimensional tolerance.)~~

We would like to express our appreciation for using our products.

We would like to let you know that we have released a series of multilayer ceramic capacitors that are newly added a code representing dimensional tolerance to the parts name so that they can be easily recognized the differences in the tolerance.

For details, please refer to the specifications or contact our local sales office.
