## **TAIYO YUDEN Announces Construction of a New Material Building at the Yawatabara Plant**

*Meeting Increasing Demand for Multilayer Ceramic Capacitors*

TOKYO, June 16, 2021 - TAIYO YUDEN CO., LTD., is pleased to announce that a new material building, to manufacture barium titanate which is a raw material of multilayer ceramic capacitors, will be constructed at the Yawatabara Plant (Takasaki-shi, Gunma, Japan).

Our outlook sees demand for multilayer ceramic capacitors expanding further in response to the advancement of technologies for automobiles with more electrical and electronically controlled components, communications infrastructures such as servers and base station communication devices, 5G smartphones, and other markets. The construction of the new material building at the Yawatabara Plant is based on our medium-term growth strategy and is part of our efforts to construct a production system that will satisfy growing market demand.

While developing electronic parts that support the advancement of electronic devices, TAIYO YUDEN will aim to ensure that customers receive a stable supply in a timely manner.

### **Outline of new material building at Yawatabara Plant**

Total floor area:	Approximately 21,500 square meters
Building area:	Approximately 8,000 square meters
Start of construction:	September 2021
Ready for operation:	December 2022
Planned investment amount:	Approximately 5.0 billion yen (building only)

**Outline of Yawatabara Plant**

Location: 43-1, Yawatabara-machi, Takasaki-shi, Gunma, Japan  
Month of establishment: October 1986  
Main products: Circuit modules  
Site area: Approximately 82,500 square meters  
Number of employees: 211 (as of March 31, 2021)

**Outline of TAIYO YUDEN CO., LTD.**

Name: TAIYO YUDEN CO., LTD.  
Location: Kyobashi East Bldg., 2-7-19, Kyobashi, Chuo-ku, Tokyo, Japan  
Representative: Shoichi Tosaka, President & Chief Executive Officer  
Date of establishment: March 23, 1950  
Capital: 33.5 billion yen (as of March 31, 2021)  
Net sales: 300.9 billion yen (Fiscal year ended March 2021, consolidated basis)  
Main Business: Development, production, and sales of electronic components  
Main products: Ceramic capacitors, Inductors, FBAR/SAW devices for mobile communications, Power storage devices  
Number of employees: 22,852 (as of March 31, 2021, consolidated basis)
