TAIYO YUDEN Announces Completion of a Material Building at the Yawatabara Plant

*Achieving energy-saving and highly efficient manufacturing processes,
and "ZEB Ready" certification obtained*

TOKYO, March 1, 2023 – TAIYO YUDEN CO., LTD., announces completion of a material building to manufacture barium titanate which is a raw material of multilayer ceramic capacitors, at the Yawatabara Plant (Takasaki-shi, Gunma, Japan).

The new material building is equipped with state-of-the-art facilities. We also worked to conserve energy in the building and obtained ZEB Ready certification.

While developing electronic parts that support the advancement of electronic devices, TAIYO YUDEN will aim to ensure that customers receive a stable supply in a timely manner.

Outline of TAIYO YUDEN CO., LTD.

Name:	TAIYO YUDEN CO., LTD.
Location:	Kyobashi East Bldg., 2-7-19, Kyobashi, Chuo-ku, Tokyo, Japan
Representative:	Shoichi Tosaka, President & Chief Executive Officer
Date of establishment:	March 23, 1950
Capital:	33.5 billion yen (as of March 31, 2022)
Net sales:	349.6 billion yen (Fiscal year ended March 2022, consolidated basis)
Main business:	Development, production, and sales of electronic components
Main products:	Ceramic capacitors, Inductors, FBAR/SAW devices for mobile communications, Power storage devices
Number of employees:	22,312 (as of March 31, 2022, consolidated basis)
URL:	http://www.ty-top.com/

Outline of Yawatabara Plant

Location:	43-1, Yawatabara-machi, Takasaki-shi, Gunma, Japan
Month of establishment:	October 1986
Main products:	Circuit modules
Site area:	Approximately 82,000 square meters
Number of employees:	189 (as of March 31, 2023)

Outline of material building at Yawatabara Plant

Total floor area:	Approximately 20,500 square meters
Building area:	Approximately 6,600 square meters
Start of construction:	September 2021
Ready for operation:	January 2023
Planned investment amount:	Approximately 5.0 billion yen (building only)
