TAIYO YUDEN Announces Notice Concerning the Impact of the Noto Peninsula Earthquake

TOKYO, January 3, 2024 — We would like to express our deepest sympathies to all who were negatively impacted or fell victim to the major earthquakes that struck the Noto Peninsula in Ishikawa Prefecture on January 1.

We have not confirmed any human casualties among our group employees. In addition, there was no major damage to the buildings and production facilities at the group's production site. Production is expected to resume after facility inspection.
