TAIYO YUDEN Announces the Release of the 2024 Safety & Environmental Report
A Report of TAIYO YUDEN's Safety and Environment Activities in FY2023

TOKYO, July 31, 2024 — TAIYO YUDEN CO., LTD. announced today the release of its 2024 Safety & Environmental Report which contains the results of its safety and environmental efforts accomplished in FY2023.

TAIYO YUDEN has published annual Environmental Reports since 2002. This report outlines the Companies efforts and related results on meeting the safety and environmental standards set by the Company. Since 2005, TAIYO YUDEN has been publishing its annual Safety & Environmental Report, which contains additional information relating to occupational health and safety.

We set forth a greenhouse gas (GHG) emissions reduction rate for FY2030 of 42%, versus the level in FY2020, with the goal of carbon neutrality to address the global issue of climate change. It is our goal to implement energy conservation and creation measures as well as utilize renewable energy to achieve the aforementioned goal. In addition, we are expanding our information disclosure in line with the recommendations put forth by the Task Force on Climate-related Financial Disclosures (TCFD).

TAIYO YUDEN also aims to achieve its medium-term occupational health and safety targets for FY2025 by further improving the standards of our health and safety activities through the formulation and undertaking of goals for each of the 5Ms (Man, Machine, Method, Material and Measurement).

TAIYO YUDEN strives for continuous growth and the fulfillment of its corporate social responsibilities. TAIYO YUDEN recognizes that efforts toward safety and the environment are an integral part of how we conduct our business and an important responsibility that we are fully committed to meeting. We shall continue to promote safety and environmental activities from a global perspective.
